JUL 1984

MEMORANDUM FOR: Director of Development and Engineering

FROM: Richard J. Kerr
Associate Deputy Director for Intelligence

SUBJECT: DI Modernization

1. Thank you for your thoughtful memorandum of 5 July on DI modernization. It has helped us think through where we need to go in the information processing area.

2. I am not ready, at the present time, to set up a joint ODE/DI Program Office. Instead, I have directed the Chief, Analytic Support Group to establish a Planning and Development Branch to continue the work of the DI Task Forces and to act as a focal point for our effort. As part of the effort, I will request assistance from the DDS&T on our planning activities. In particular, I would like to have someone from OD&E [] if possible) to serve as deputy in the branch. As the program takes shape, I also expect to request your assistance on specific projects.

STAT

3. Again, many thanks for the thoughtful memo.
